Understanding Medicare

Medicare is a federal health insurance program for people who are age 65 and older or disabled at retirement. It has three parts.

Part A	Medicare Part A covers hospital stays, care in skilled nursing facilities, home health care, hospice care, and blood transfusions. Everyone who is eligible for Medicare gets Part A; for most, there is no charge for it. You should enroll for Part A when you turn 65, even if you continue working for the City.
Part B	Medicare Part B covers doctors' services, outpatient hospital care, and some medical supplies and equipment. It also covers some services that Part A doesn't cover, such as certain physical and occupational therapy and home health care services. Part B has a monthly premium that's deducted from your monthly Social Security benefit. NOTE: Enroll for Part B as soon as 90 days prior to retirement.
Part D	Medicare Part D covers prescription drugs. Part D is optional and a monthly premium applies. Medicare delivers Part D coverage by contracting with private prescription drug plans. These plans offers standard Part D coverage and also may offer more coverage and additional drugs for higher monthly premiums. Several Medicare prescription drug plans are available in each state, so you'll need to determine which one might best meet your needs. NOTE: If you join the Kaiser Permanente Senior Advantage HMO, do not enroll in Part D coverage separately; Part D enrollment is automatic through the plan.

Your Medicare Checklist

- Enroll in Medicare Parts A and B three months before age 65 to ensure that your benefits will begin when you need them and to avoid possible premium penalties.
- If you have not previously enrolled, when you reach age 65, you are automatically enrolled in Medicare Parts A and B when you sign up for Social Security benefits, unless you elect otherwise.
- If you become Medicare-eligible before age 65 due to disability, log on to [medicare.gov](https://www.medicare.gov) to learn more about Medicare for the disabled who are under age 65.
- Remember that payments for Medicare health coverage will be deducted from your Social Security payments.

Mental Health

If you or a family member have any mental health needs, please review the medical benefits carefully. There are significant differences related to mental health coverage.

Please feel free to call the COA's Psychological Services/Employee Assistance Program (PS/EAP) office at **404-546-3074**, if you would like to discuss your individual needs to ensure that you select the best coverage for you and your family members.

Prescription Drug Coverage and Medicare

The City of Atlanta has determined that the prescription drug coverage offered by the City-sponsored plans for Medicare-eligible retirees is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay for the period January 1, 2023 – December 31, 2023.

Because your existing coverage is on average at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay an extra penalty if you later decide to enroll in Medicare coverage.

For more information about your current prescription drug coverage, contact the DHR – Employee Benefits office at **404-330-6036**.

For more information about your options under Medicare prescription drug coverage:

- Visit www.medicare.gov for personalized help.
- Call your State Health Insurance Assistance Program. (See your copy of the Medicare & You handbook for their telephone number.)
- Call **800-MEDICARE** (800-633-4227). TTY users should call 877-486-2048.

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available from the Social Security Administration (SSA). Visit SSA online at www.ssa.gov, or call them at **800-772-1213** (TTY 800-325-0778).

Other Important Reminders About Medicare Advantage Coverage

Dependent Coverage

If you have dependents (spouse or children) who ARE NOT Medicare eligible, you must enroll in either the Anthem BCBS Medicare Advantage PPO Split Option Plan or the Kaiser Permanente Senior Advantage HMO Split Option Plan. (The UnitedHealthcare Group Medicare Advantage PPO options will not be available choices for you.) Likewise, your dependents will be enrolled in either the Anthem BCBS Gatekeeper POS or Kaiser HMO plan, depending on the plan you choose for yourself.

Potential Loss of Coverage

If you sign up for any Medicare Advantage Plan (other than the City-sponsored plans listed above) that may be offered to you directly by various vendors, including just Medicare Part D for prescription drugs, your coverage through the City of Atlanta will be terminated. If you have any questions about this, please call the DHR – Employee Benefits at **404-330-6036** before signing up for another medical plan of any type.

City of Atlanta Medicare Part B Buy-in

Employees hired prior to April 1, 1986, may not have enrolled in Medicare Part B. The City will pay the buy-in penalty for those employees and their spouses age 65 and older. However, retirees and their spouses will be responsible for paying the monthly Part B premium.
